DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 16th August 1922.

Summary.—The rainfall throughout the Presidency was generally light to moderate. Damage by flood continues to be reported from several Western Bengal districts and from Rajshahi, Pabna, Dacca and Faridpur. Condition of standing crops is, otherwise, fair. Transplantation of winter paddy and harvesting of autumn paddy and jute are proceeding satisfactorily. The average price of common rice for the Presidency has slightly risen as compared with that of the previous week.

RESOLUTION ON THE ANNUAL REPORT OF THE BENGAL SMOKE NUISANCES COMMISSION FOR THE YEAR 1921.

GOVERNMENT OF BENGAL.

COMMERCE DEPARTMENT.

CALCUTTA, THE 21ST AUGUST 1922.

RESOLUTION—No. 4376Com.

READ—

The sixteenth annual report of the Bengal Smoke Nuisances Commission for the year 1921.

THE Commission held twelve meetings during the year for the transaction of their business.

2. The number of factories visited for instruction, etc., was 3,122 as against 1,995 and the number of observations of smoke emission taken was 8,254 against 7,514 during the previous year.

3. The average emission of smoke of the controlled grades expressed in terms of scale six has risen to 1·6 minutes in the hour from 1·22 in the previous year. It is not improbable that had the Smoke Nuisance Department been fully staffed during the year under review, this unsatisfactory feature in the year's working would have been obviated.

4. An attempt was made throughout the year to cope with the illicit and wasteful practice of making coke from raw coal in open heaps on the ground. The police were asked to take proceedings against the coke makers in 53 cases and four prosecutions were instituted against the owners of the ground on which the practice was being carried on. Progress in this respect must, however, largely depend on the degree of co-operation of owners and occupiers with the Smoke Nuisance authorities in preventing the making of coke within their premises.

5. Plans of 41 installations were examined and passed during the year under review as compared with 56 in the previous year. The Commission also dealt with many references from various municipalities which necessitated careful investigations and tests.

6. The number of offences reported to owners for departmental action was 1,107 an increase of over 50 per cent. on last year. The increase in the number of complaints received from the public (71 against 48 in the previous years) reflects public appreciation of the relief afforded by the activities of the department.

7. Statutory warnings were served in 8 cases, the corresponding figures for the last two years being 15 and 16. Nine prosecutions were instituted during the year—two against factories, two against bakeries and five in coke-making cases.

8. The number of electric motors installed was 321 against 318 in the previous year. The installation of a large number of gas appliances during the year make for improvement in the general conditions of public health.

9. Fuel available during the year under review was generally of an inferior quality, resulting at once in excessive smoke and diminished factory outturn. In some cases where furnace draught was reduced by small flues, bends or other causes, the department was able to render assistance and advice. In one factory the furnace and flues were rebuilt and amended under the expert guidance of the department, the result of the alterations being less trouble to the firemen, better steam and outturn from the factory, and saving in fuel of 3 per cent. to 4 per cent.

10. The majority of rice-mills were forced by the scarcity of coal to use paddy husks for fuel, this being the only alternative to closing down. The result, however, was a smoke nuisance most obnoxious to the residents of the localities concerned. A conference was held of the rice-mill owners and the department, the result of their combined efforts being not only the removal of the nuisance, but the devising of methods by which husks could be used in furnaces as fuel with the maximum of economy and the minimum of smoke production.

11. In spite of the staff being below sanctioned strength the report shows steady and satisfactory progress in the reduction of smoke nuisances, a matter of great importance to public health. It is hoped it will be possible to fill the vacant post of Inspector soon. Hitherto suitable candidates have not been available. It is proposed to add a draughtsman to the staff to relieve the Inspectors in the preparation and alteration of plans. It is gratifying to note that the activities of the Commission generally met with the co-operation and appreciation of the public. The Governor in Council desires to thank the members of the Commission as well as Mr. Robson, the Chief Inspector, and his assistant for the successful administration of the department.

ORDER.—Ordered that a copy of the resolution be forwarded to the Government of India, Department of Industries; the President of the Smoke Nuisances Commission; the Commissioners of the Presidency and Burdwan Divisions; the Commissioner of Police, Calcutta; the Chairman, Corporation of Calcutta; the Chairman of the Commissioners for the Port of Calcutta; Director of Industries, Bengal; the Secretary, Bengal Chamber of Commerce; the Master, Calcutta Trades Association; the Honorary Secretary, Bengal National Chamber of Commerce; the Chairman of the City Improvement Trust, Calcutta; and the Local Self-Government Department of this Government.

Ordered also that the Resolution be published in the *Calcutta Gazette*.

Secretary to the Government of Bengal (offg.).

**WRITING OF CHEQUES IN CALCUTTA STATIONERY OFFICE
REGISTRATION INK.**

GOVERNMENT OF BENGAL.

FINANCE DEPARTMENT.

Finance.

CALCUTTA, THE 25TH AUGUST 1922.

RESOLUTION—No. 12076F.

WITH a view to minimise the chances of fraud in connection with Government cheques, the Government of India have made arrangements with the Controller of Printing, Stationery and Stamps to have cheque forms henceforward printed in fugitive ink, and they have decided that an indelible ink should be used for filling up the cheques. They are, accordingly, making an amendment in article 23 of the Civil Account Code to the effect that all cheques should be written in Calcutta Stationery office registration ink obtainable from the Controller of Stationery and Printing. Pending the issue of this amendment to the Civil Account Code, Government are pleased to direct that all officers who are authorised to draw cheques upon treasuries shall write them in Calcutta Stationery office registration ink obtainable from the Controller of Stationery and Printing.

ORDER.—The Resolution be published in the *Calcutta Gazette* and a copy be forwarded to the Secretary to the Board of Revenue, Bengal; Director of Public Instruction, Bengal; Surgeon-General with the Government of Bengal; Inspector-General of Police, Bengal; Inspector-General of Prisons, Bengal; Superintending Engineers; Commissioners of Divisions; District and Sessions Judges; Conservator of Forests, Bengal; Commissioner of Excise and Salt, Bengal; Director of Agriculture, Bengal; Director of Land Records, Bengal; Advocate-General, Bengal; Director of Public Health, Bengal; Inspector-General of Registration, Bengal; Commissioner of Police, Calcutta; District Officers; Superintendent and Remembrancer of Legal Affairs, Bengal; Chief Judge, Small Cause Court, Calcutta; Private Secretary to the Governor of Bengal; Military Secretary to the Governor of Bengal; Administrator-General and Official Trustee, Bengal; Registrar of Co-operative Societies, Bengal; Director of Surveys, Bengal; Chief Presidency Magistrate, Calcutta; Chief Engineer, Public Health Department, Bengal; Port Officer, Chittagong; Superintendent, Royal Botanic Garden, Calcutta; Agent for Government Consignments, Bengal; Director of Fisheries, Bengal; Deputy Commissioner, Chittagong Hill Tracts; Veterinary Adviser to the Government of Bengal; Municipal Magistrate, Calcutta; Superintendent, Government Printing, Bengal; Director of Industries, Bengal; Accountant-General, Bengal; and to all departments of this Government, including the Accounts Department, for information.

By order of the Governor in Council,

H. E. SPRY,

Secretary to the Government of Bengal (offg.).

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR JULY 1922.

I. Character of the season.—During the month under review the rainfall was above the average in North Bengal and generally moderate elsewhere. The usual rainfall statement is appended.

II. Progress of agricultural operations.—The transplantation of winter paddy proceeded briskly throughout the Province. The progress of the operation, so far made, is generally satisfactory. Reaping of autumn paddy, cutting, steeping and washing of jute were making progress, especially in the low lands, owing to rise of rivers during the latter part of the month.

III. State of standing crops.—The condition of sugarcane, autumn paddy and jute was reported to be fair and that of deep-water paddy is satisfactory. The outlook of the transplanted paddy is promising so far.

IV. Prospects and probable outturn.—The prospects of the autumn crops were reported to be fair in the Eastern and Northern districts and those of winter paddy favourable.

V. Damage to standing crops.—Some damage was caused to low land crops by the rise of rivers in parts of North and East Bengal.

VI. Condition of agricultural stock.—The condition of live-stock was reported to be fair. Sporadic cases of cattle-disease were, however, reported from Nadia, Jessore, Khulna, Bankura, Hooghly, Darjeeling, Rangpur, Faridpur and Tippera.

VII. Failure of pasturage and fodder.—No scarcity of fodder and water was reported from any part of the Province.

VIII. Prices of food-grains.—During the second-half of the month the price of common rice of the cheapest quality rose in seven districts, fell in nine and remained stationery in the rest of the Province. The price varied from 5½ seers per rupee at Noakhali to 8 seers at Rangpur.

IX. Condition of agricultural people.—The condition of agricultural population continued to be fair.

REPORTS ON THE WORKING OF THE SHIPPING OFFICES IN BENGAL FOR THE YEAR 1921-22.

NOTIFICATION.

No. 85 Marine.—The 25th August 1922.—The following annual reports on the working of the shipping offices in Bengal for the year 1921-22 are published for general information.

H. E. SPRY,

Secretary to the Government of Bengal (offg.).

No. S.-2325, dated Calcutta, the 24th July 1922.

From—The Shipping Master, Calcutta,

To—The Secretary to the Government of Bengal, Marine Department.

Submission of Annual Administration Report.—I am directed to submit for the information of Government the following report on the working of the Shipping Office, Calcutta, during the financial year 1921-22.

2. Chief duties of the Shipping Master.—The chief duties of the Shipping Master are to afford facilities for the engagement and discharge of seamen, to administer trust funds on their behalf, to relieve them when distressed, and to take charge of their property when they die for disposal to their legal heirs. This brings the Shipping Master into constant correspondence with the Board of Trade, London, the Registrar-General, Shipping and Seamen, London, and in India, with District Magistrates, and the Commissioner of Police, Calcutta.

3. Comparison between the number of seamen shipped and discharged during the years 1920-21 and 1921-22.—A comparative statement of the number of seamen shipped and discharged under European and Indian Articles of Agreement during the years 1920-21 and 1921-22 is given below, from which it will be observed that the number of seamen shipped and discharged under European Articles of Agreement is slightly decreased; that the number of seamen shipped under Indian Articles of Agreement is considerably increased, and that the number of seamen discharged under Indian Articles of Agreement is considerably decreased:—

| | | Shipped. | | | |
|-----------|-----|----------|----------|----------|-----------|
| Articles. | | 1920-21. | 1921-22. | Increase | Decrease. |
| European | ... | 576 | 502 | ... | 74 |
| Indian | ... | 42,261 | 43,742 | 1,481 | ... |
| Total | ... | 42,837 | 44,244 | 1,481 | 74 |

| | | Discharged. | | | |
|-----------|-----|-------------|----------|-----------|-----------|
| Articles. | | 1920-21. | 1921-22. | Increase. | Decrease. |
| European | ... | 885 | 646 | ... | 239 |
| Indian | ... | 40,038 | 36,254 | ... | 3,784 |
| Total | ... | 40,923 | 36,900 | ... | 4,023 |

4. Number and nationality of seamen shipped and discharged during the year 1921-22.—Appendix I shows in detail the number of seamen and their nationalities shipped and discharged through this office during the year 1921-22.

5. Engagement of Eurasians on European and Indian Articles of Agreement.—During the year under report 36 Eurasians were shipped on European Articles of Agreement, and 472 on Indian Articles of Agreement as compared with 38 and 415, respectively, of the previous year.

6. **Engagement and discharge of Chinese seamen under Chinese Articles of Agreement.**—The number of Chinese seamen shipped and discharged under Chinese Articles of Agreement during the year under report, and the previous year, is furnished below :—

No. 2191G.—XV.-13, dated Chittagong, the 10th June 1922.

From—A. H. CLAYTON, Esq., I.C.S., Offg. Commissioner of the Chittagong Division,

To—The Secretary to the Government of Bengal, Marine Department.

I have the honour to submit herewith, in original, the Annual Administration Report of the Chittagong Shipping Office for the financial year 1921-22, together with appendices (I to III).

No. 40S., dated, Chittagong, the 7th June 1922.

From—COMMANDER E. C. WITHERS, C.I.E., R.I.M., Shipping Master, Chittagong,

To—The Commissioner of the Chittagong Division.

I have the honour to submit herewith the Annual Administration Report of the Shipping Office for the financial year 1921-22, together with appendices (I to III), and in doing so, to remark that the shipping during the year under review was considerably affected by the local labour strike in connection with the non-co-operation movement in this district.

2. **Financial results.**—The amount received during the year was Rs. 245 and that expended was Rs. 1,024. The accompanying Statement I shows the particulars of the receipts and expenditure of the past two years with explanation of the principal fluctuations.

3. **Trust Funds.**—The opening balance of the year under review was Rs. 1,427 and receipts Rs. 22,781 or Rs. 45,871 less than that of the previous year; the payments were Rs. 23,768, leaving a balance of Rs. 440 at the close of the year as shewn in Statement II annexed.

4. **Seamen shipped and discharged.**—The number of seamen of all nationalities shipped and discharged during the year under report was 160 and 209 respectively against 181 and 629 in the previous year as shewn in the Statement III annexed.

5. **Inspection of vessels.**—The ships that arrived at this port during the year 1921-22 numbered 51 (excluding regular coasting steamers) against 38 in the previous year; of these, three were manned solely by Europeans, two by Japanese, three by Chinese, one by Norwegian, three by Americans, fifteen by mixed crews of Europeans, Asiatics and Indians, and the rest were manned exclusively by natives of India. All the foreign-going ships were inspected by the Port Health Officer.

6. **Condition of seamen.**—There were 21 seamen admitted into the Chittagong General Hospital against 23 during the preceding year. Of the total admissions 20 were discharged as cured, and one is still in the hospital. There were no cases of scurvy or death resulting from bad or insufficient food on board ships during the year under report.

7. **Seamens' money-order.**—No remittance of wages was made to the United Kingdom by means of seamens' money-orders.

8. **Deserters.**—Eighteen lascars deserted during the year against five in the previous year. There were no deserters among European seamen.

9. **Offences.**—Two cases involving 25 persons tried by the Magistrate under the Indian Merchant Shipping Act, I of 1859, were disposed of during the year ending 31st March 1922. In these all the accused persons were acquitted.

**APPOINTMENT OF A COMMITTEE TO ADVISE ON THE EXTENSION OF
THE BOUNDARIES OF CALCUTTA.**

GOVERNMENT OF BENGAL.

LOCAL SELF-GOVERNMENT DEPARTMENT.

CALCUTTA, THE 29TH AUGUST 1922.

RESOLUTION—No. 4601L.S.-G.

THE Calcutta Municipal Bill, 1921, which has already been introduced into the Legislative Council and is now under consideration by a Select Committee, adopts the existing boundaries of Calcutta, except for the inclusion of a small area which now forms part of the Tollygunge Municipality. The first draft of the Bill was circulated in 1917, and the question of extending the municipal limits by the inclusion of Cossipore-Chitpur Municipality, Maniktala Municipality and certain other special areas was then raised. This proposal commended itself to the Corporation, but was strongly opposed by delegates from the local areas concerned at a conference convened by the Minister for Local Self-Government in 1921, and, in deference to their views, Government decided that it was inadvisable to modify the Bill. At the same time, when announcing this decision in the Legislative Council on the introduction of the Calcutta Municipal Bill, the Minister for Local Self-Government expressed the view that this question should be regarded as still open to discussion, if it appeared that public opinion in Calcutta and in the areas concerned were on the whole in favour of this revision of the city boundaries. The Corporation has in the meantime further considered this important question and has adhered to the former proposals for the inclusion of Cossipore-Chitpur, Maniktala, the new Dock extension area, the Ballygunge Pumping Station and the High Level Outfall Sewer up to a certain point (within the Tollygunge Municipality) and the fixing of boundary limits everywhere at a distance of 200 feet beyond the boundary road so that water and drainage connections and other municipal conveniences may be provided for houses situated on the outer side of the road. As regards the inclusion of the new Dock extension area, it is proposed that the boundary should be fixed at 200 feet beyond the outer road which the Port Commissioners propose to construct.

2. The important changes involved in the inclusion of the large suburban municipalities of Cossipore and Maniktala are justified on the ground that the residents of these suburbs virtually form a part of the population of Calcutta and that the tendency of this population is to spread to the north. It is urged that the immediate development of these areas is necessary to relieve congestion in Calcutta, and that the resources of the local municipalities are too limited to enable them to provide a proper drainage, sewerage and road system, without which the sanitary conditions of these areas must form a menace to the health of Calcutta.

On the other hand, it is urged that the views of the residents of these areas merit the most careful consideration and that amalgamation with Calcutta should not be effected, unless it is clearly shown that this step is necessary in the interests of what may be termed Greater Calcutta and does not conflict with the wishes of the people concerned. The incorporation of the two municipalities referred to would add 6½ square miles and a population of over 100,000 to Calcutta. It has been urged that the Corporation of Calcutta already has a sufficiently exacting charge, and that there will be difficulties in undertaking an additional burden which will involve heavy administrative work and probably increased financial liabilities.

3. Having regard to the views of the Calcutta Corporation, who in this matter are supported by the Trustees for the Improvement of Calcutta, the Minister has decided that it is desirable to appoint a small independent committee to advise on the whole question. Their report will subsequently be laid before the Calcutta Municipal Bill Select Committee. It is intended that the Committee should invite the local bodies and private residents of the areas concerned and the Calcutta Corporation to give evidence regarding the desirability of including the areas referred to within the boundaries of Calcutta or of retaining the boundaries as set out in the present Calcutta Municipal Bill. It has been decided that the Committee should consist of the following gentlemen who have kindly consented to serve :—

- (1) Mr. S. R. Das, Advocate-General—*President*.
- (2) Dr. Sarat Chandra Banerjee, President, Calcutta Improvement Trust Tribunal.
- (3) Mr. J. A. Woodhead, I.C.S., Land Acquisition Collector—*Secretary*.

By order of the Government of Bengal
(Ministry of Local Self-Government),

Secretary to the Government of Bengal (offg.).

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 23rd August 1922.

Summary.—Light rainfall was general throughout the Presidency. Transplantation of winter paddy seedlings is making good progress. Harvesting of jute and autumn paddy is proceeding rapidly in the eastern and northern districts. Condition and prospects of jute and other standing crops are generally favourable. The average price of common rice for the province has fallen by about 1·2 per cent. as compared with that of the previous week.

DEPARTMENT OF STATISTICS, INDIA.

CALCUTTA TRADE FLUCTUATIONS.

THE following tables are intended to show the trade by all routes, *i.e.*, by rail, river, canal, road and sea, of the Calcutta block* in certain selected articles during the three months, April to June, 1922, as compared with the corresponding period of 1921 and 1920. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the Collectors of the 24 Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

General Summary.

Imports.—The imports of rice, including paddy†, into Calcutta* by rail, river, canal, road, and sea (coastwise) during the three months, April to June, 1922, amounted to 3,994,000 maunds as against 4,239,000 maunds in the corresponding period of the preceding year,—a decrease of 245,000 maunds or 6 per cent. There was also a decrease of 27 per cent in the imports of coal and coke (21,897,000 maunds as against 29,952,000 maunds a year ago). The value of the imports by rail, river, road, and sea (coastwise) of Indian cotton piece-goods showed an increase of 16 per cent, the total value amounting to Rs. 2,27 lakhs as against Rs. 1,95 lakhs in 1921. The quantity of indigo imported during the three months, April to June, 1922, increased from 118 maunds last year to 1,11 maunds. The imports of raw jute amounted to 738,000 bales as against 521,000 bales,—an increase of 217,000 bales or 42 per cent. The importation of gunny bags, on the other hand, showed a decrease of 3 million bags (64 million bags against 67 millions in the preceding year). The total imports of oilseeds (linseed and rape and mustard seed) increased by 1,461,000 maunds, or 83 per cent, from 1,752,000 maunds to 3,213,000 maunds, but those of sugar declined by 40,000 maunds, or 22 per cent, from 185,000 maunds to 145,000 maunds. The imports of tea decreased from 325,000 maunds to 294,000 maunds or 10 per cent.

Exports.—The value of the exports of cotton piece-goods, foreign, from Calcutta* by all routes during the three months, April to June, 1922, increased by 26 per cent from Rs. 5,34 lakhs to Rs. 6,76 lakhs. The exports of gunny bags (including the exports by sea to foreign countries) decreased from 244 million to 240 million bags, and the shipments of gunny bags to other Indian ports decreased from 17 to 12 millions in number in the period under review. The quantity of kerosene oil despatched from Calcutta and Budge-Budge by internal routes and by sea (coastwise) showed a decrease of 69,000 maunds or 5 per cent, from 1,450,000 maunds to 1,381,000 maunds.

* The Calcutta block consists of the town of Calcutta with Howrah and Kidderpore Docks.

† One maund of paddy is equivalent to 25 seers of rice.

APPOINTMENT OF A COMMITTEE TO ADVISE GOVERNMENT WHETHER A BILL CONSOLIDATING ACT I (B.C.) OF 1876 AND ACT XII OF 1880 INTO ONE SHOULD BE FRAMED.

GOVERNMENT OF BENGAL.

EDUCATION DEPARTMENT.

Miscellaneous (Registration).

CALCUTTA, THE 1st SEPTEMBER 1922.

RESOLUTION—No. 1836Mis.

THE solemnization and registration of marriages under the Muhammadan law is regulated by two short statutes, viz. :—

- (1) Act I (B. C.) of 1876—an Act to provide for the voluntary registration of Muhammadan marriages and divorces ;
- (2) Act XII of 1880—an Act for the appointment of persons to the office of Kazis.

A Muhammadan Kazi has an inherent right to celebrate a marriage or preside at a divorce, and the latter Act merely gives official recognition to this status, while authorizing

him to appoint or dismiss Naib Kazis. The question of popularizing the registration of Muhammadan marriages and divorces has for many years engaged the attention of the Government of Bengal. A committee examined this question in 1881 and advised Government that the time was not yet ripe for introducing any measure of compulsory registration. The matter was again considered in 1915-16 by the permanent Advisory Committee, which had been appointed to advise Government in connection with the appointment and dismissal of Mahamadan Registrars and generally in regard to the working of the two Acts referred to above. The committee again declined to advocate compulsory registration, but prepared a somewhat elaborate Bill for the consolidation of the two existing Acts, embodying some important changes in the present law. *Inter alia* they advocated the abolition of the post of Naib Kazi and the recognition of the form of divorce known as *talakbilyad*. They proposed to make the Moslem Registrars competent to register *kabinnamas* and *talagnamas* which do not deal with immoveable property. They discussed at considerable length the continuance of the present system under which Mahamadan Registrars are permitted to accept gratuities in the performance of their office, and while not prepared to recommend the abolition of this system, they proposed that a fixed scale of fees for the remuneration of Mahamadan Registrars should be prescribed in the Bill. These proposals received the careful consideration of Government, whose decisions were set out in Resolution No. 1410T.—R., dated the 24th September 1917. It appeared that the number of registrations showed a tendency to increase, and from this point of view Government were of opinion that no sufficient case had been made out for new legislation, particularly in view of the definite cleavage of opinion in Muhammadan circles on these important questions. In order to supervise the proper working of the Act, an Inspector of Muhammadan Marriage Registrars was appointed, and a substantial increase was made in the number of official Kazis and Muhammadan Marriage Registrars.

2. The whole question has again been raised in the Legislative Council by two private Bills introduced by Shah Saiyid Emdadul Haq, M.L.C., for the amendment of the Kazis Act of 1880 and the Muhammadan Marriages and Divorces Registration Act I of 1876. His motion for the reference of the latter Bill to a Select Committee was lost, while the introduction of the former Bill has been postponed pending the sanction of the Government of India. Government are of opinion that if legislation is to be undertaken, it is desirable that it should be in the form of a comprehensive Bill consolidating the two existing Acts and that the important questions of principle which were discussed in 1881 and again in 1915-16 should be carefully re-examined to ascertain whether changes of a more comprehensive character than those proposed by Shah Saiyid Emdadul Haq, should be introduced. The Minister in charge of the Registration Department has accordingly decided to appoint a committee to advise Government—

- (1) whether new legislation is required ;
- (2) if so, whether a consolidating Bill should be framed, providing for the repeal of the two existing Acts ; and
- (3) if legislation of this kind is considered desirable, the nature of the provisions which should be included in the Bill.

The committee will be constituted as follows :—

- (1) The Hon'ble Khan Bahadur Aminul Islam, Inspector-General of Registration, Bengal (President).
- (2) Shah Saiyid Emdadul Haq, M.L.C.
- (3) Mr. Kazi Gholam Mohiuddin Farouqi, M.L.C.
- (4) Mr. Shaikh Mahboob Aley, M.L.C.
- (5) Nawabzada Khwaja Muhammad Afzal, Khan Bahadur, M.L.C.
- (6) Dr. A. Suhrawardy, M.L.C.
- (7) Khan Bahadur Khwaja Muhammad Azam, M.L.C.
- (8) Khan Bahadur Abdus Salam, M.L.C.
- (9) Mr. Saiyid Erfan Ali, M.L.C.
- (10) Dr. Hassan Suhrawardy, M.L.C.
- (11) Maulvi Muhammad Madassur Hussain, M.L.C.
- (12) Khan Bahadur Maulvi Wasimuddin Ahmed, M.L.C.
- (13) Maulvi Yaquinuddin Ahmed, M.L.C.
- (14) Maulvi Hafiz Nazir Ahmad, representative of the Kazis' Association.
- (15) Aga Muhammad Kazim Shirazi, representative of the Shia sect.
- (16) Shamsul-Ulama Khan Bahadur Maulvi Hidayat Husain.
- (17) Shamsul-Ulama Maulvi Abu Nasr Muhammad Wahid.
- (18) Khan Bahadur Maulvi Zahiruddin Ahmed, M.L.A.
- (19) Khan Sahib Qurbanullah, Inspector of Registration Offices, will act as Honorary Secretary.

By order of the Government of Bengal
(Ministry of Education),

S. W. GOODE,
Secretary to the Government of Bengal (offg.).

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 30th August 1922.

Summary.—During the week under review rainfall has diminished, the fall being generally light to moderate over the greater part of the province. Transplantation of winter paddy is fast approaching completion. With the exception of flood-affected areas in parts of West Bengal a normal area, is likely to be transplanted this year. The present outlook, so far, is good. Reaping of autumn paddy is well advanced and cutting steeping and washing of jute are in full sowing. The prospects of autumn crops are satisfactory on high lands and fair on low lands. The average price of common rice for the province has fallen by about 0·38 per cent. as compared with that of the previous week.

ORDER.—Ordered that copies of this resolution be forwarded to the members for information.

By order of the Governor in Council,

H. E. SPRY,

Secretary to the Government of Bengal (offg.).

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR AUGUST 1922.

I. Character of the Season.—During the month under review the rainfall was in excess of the normal except in North Bengal, where it was generally defective. The excess was most marked in some Western districts. The usual rainfall statement is appended.

II. Progress of Agricultural Operations.—Transplantation of winter paddy seedlings made good progress. The area transplanted with the crop is likely to approach the normal. Harvesting of jute and autumn paddy was proceeding favourably in the Eastern and Northern districts.

III. State of Standing Crops.—The condition of winter paddy is good and that of other standing crops is generally fair.

IV. Prospects and Probable Outturn.—The probable outturn of autumn crops was fair on low lands and satisfactory on high lands. The prospects of transplanted winter paddy are expected to be good so far and those of deep water paddy satisfactory.

V. Damage to Standing Crops.—During the early part of the month considerable damage was caused to the standing crops by floods in certain lowlying tracts of West Bengal.

VI. Condition of Agricultural Stock.—The condition of livestock was generally fair. Sporadic cases of cattle disease were, however, reported from parts of Nadia, Murshidabad, Khulna, Burdwan, Birbhum, Hooghly, Rajshahi, Darjeeling, Rangpur, Malda, Cooch-Bihar, Chittagong, Tippera, Noakhali and Tripura State.

VII. Failure of Pasturage and Fodder.—No scarcity of fodder and water was reported from any part of the Province.

VIII. Prices of Food-grains.—During the second half of the month under review the price of common rice of the cheapest quality rose in four districts, fell in sixteen and remained stationary in the rest of the Province. It ranged from 5 seers 15 chittacks per rupee at Tippera to 8 seers per rupee at Jalpaiguri.

IX. Condition of Agricultural People.—The condition of agricultural population continued to be fair.

G. EVANS,

Director of Agriculture, Bengal.
